Dear Residents and Family Members,

We are pleased to inform you that all staff members and residents at the Health Services Center (HSC) have tested negative for the COVID-19 virus for the last 2 consecutive weeks (July 28th & August 4th).

We have received clearance from our Los Angeles County Department of Public Health nurse, to resume with indoor visitations with some modifications. Visitors will now require to show proof of their vaccination card, bring a face shield or goggles and a surgical mask to be able to enter the facility.

Visitors who have not been vaccinated or cannot show proof of their vaccination card, will require to bring a negative COVID-19 test result dated at least 48hrs prior to the visitation date. If visitors are unable to show proof of their vaccination card or a negative COVID-19 test, visitations may be done outside.

Due to the L.A. County positivity rate, outdoor visitations will now require visitors to get their temperatures checked at the front door and must wear a surgical mask outside during the entire visit. Visitations are still a maximum of 2 visitors per resident and a maximum of 1 hour per visitation for indoor and outdoor visits. Please inform all other family members and friends of current changes

Please contact Vanessa Ramirez at (909) 399-5550 or vramirez@pilgrimplace.org, to schedule an appointment. To accommodate planned visitations we ask that you schedule your visit(s) at least 48 hours in advance.

If you are not feeling well or have been exposed to the COVID-19 virus, we highly recommend you cancel and reschedule your visitation, for the wellbeing of your loved one, our residents, and staff members.

If you have any questions please contact us at (909) 399-5550, email us at vramirez@pilgrimplace.org, or visit our website www.pilgrimplace.org for updates.

Stay safe and warm regards,

Pilgrim Place Health Services Center
