Dear Residents and Family Members,

We are informing you that an HSC staff member tested positive Wednesday, (Dec. 7) for the COVID-19 virus. Unfortunately, the staff member did provide direct care to some of our residents. Residents who were cared for by the individual will continue to be in quarantine for precautionary measures and family members have been notified.

We will continue to follow CDC guidelines as well as the directives from our assigned Los Angeles County Department of Public Health nurse, to ensure we are taking the appropriate steps, to limit the spread of COVID-19.

We also understand that connecting with family members is incredibly important to our residents we are following guidelines to allow visitation to occur for all residents. We do continue to encourage family members to remain up to date with recommended COVID-19 vaccine doses, follow recommendations for source control and physical distancing.

For visitations, indoor and outdoor visitations will resume. Those entering MUST show proof of vaccination card with bivalent or MUST be tested before entering.

If you have any questions please contact our Infection Preventionist – Jhunatess Yco Perez @ (909) 399-7095, email us at jperez@pilgrimplace.org or visit our website www.pilgrimplace.org for updates.

Stay safe and warm regards,

Pilgrim Place Health Services Center
