June 6, 2022

Dear Residents and Family Members,

We are informing you that an HSC staff member tested positive today (June 6th) for the COVID-19 virus. Unfortunately, the staff member did provide direct care to some of our residents. Residents who were cared for by the individual will continue to be in quarantine for precautionary measures and family members have been notified.

We will be conducting our response testing of all residents and staff members at HSC per California Department of Public Health (CDPH) guidelines. We are required to test negative for the COVID-19 virus for 2 consecutive weeks.

We will continue to follow CDC guidelines as well as the directives from our assigned Los Angeles County Department of Public Health Nurse, to ensure we are taking the appropriate steps under current circumstances, to limit the spread of COVID-19 within HSC.

Indoor and outdoor visitations will resume. As a reminder, all visitors entering HSC will require to show proof of a negative COVID-19 PCR test taken within 48 hours or an Antigen (rapid) test taken within 24 hours prior to the visitation.

To schedule visitations please contact Suzanne Figueroa at (909) 399-5535 or sfigueroa@pilgrimplace.org Monday – Friday from 7:30 am-4pm. To schedule weekend visitations please call / email no later than Friday by 4pm. To accommodate planned visitations we ask that you schedule your visit (s) at least 24-48 hours in advance.

If you have any questions please contact us at (909) 399-5535, email us at sfigueroa@pilgrimplace.org, or visit our website www.pilgrimplace.org for updates.

Stay safe and warm regards,

Pilgrim Place Health Services Center
